## OKLAHOMA STORM TAKES TOLL OF 8 DEATHS

### FIVE OCCUPANTS OF CAR DROWNED IN SWOLLEN CREEK

TERRIFIC WIND AND RAIN STORM  
CAUSES MUCH CROP  
DAMAGE

OKLAHOMA'S BUMPER CROP OF  
WHEAT BEATEN TO THE  
GROUND

Oklahoma City, Okla., June 3. —  
(UP)—Toll of the storm that swept  
Oklahoma during the night increas-  
ed to eight deaths today.

Five occupants of an automobile  
were drowned when their car was  
swept from a bridge by a head water  
wall four feet high.

Albert Adams, 35, was killed near  
Drumwright by lightning.

The dead:

A. E. Blocher, 60, retired farmer,  
Hominy.

Mrs. Blocher.

Mary Blocher, a daughter.

Robert Bailey.

Mrs. Ruth Bailey, a daughter of  
the Blochers.

Ten year old son of Pat Lynn,  
Pawhuska, struck by lightning.

Harlan Emerson, 35, Barnstall,  
electrocuted when he came in con-  
tact with high voltage wires, which  
had become entangled by the storm.

CROP DAMAGE IS  
DECLARED IMMENSE

Oklahoma City, Okla., June 3. —  
Eight lives were lost and thousands of  
dollars of crop damage done in ter-  
rific wind and rain storms which  
swept Oklahoma last night. Four  
persons swept away in a swollen  
stream near Hominy were missing  
this morning.

The body of Mrs. Ruth Bailey was  
recovered from Hominy Creek today  
while search was being conducted  
for four of the six persons who were  
in an automobile with her when the  
car was swept into the creek by a  
headwater rise. Two small children  
in the car escaped death.

Albert L. Adams was killed by  
lightning at Drumwright.

Oklahoma's bumper wheat crop  
was beaten to the ground in many  
sections of the state, reports here in-  
dicated, with possibilities of great  
loss. The rainfall, estimated at from  
four to six inches, which brought  
creeks from their banks and inun-  
dated farms, driving families from  
their homes.

HOMINY AND  
PEARSONIA HARD HIT

Pawhuska, Okla., June 3.—Reports  
here today said eight persons were  
killed in a tornado and rainstorm  
that struck at Hominy and Pearsonia  
during the night. Communication  
with towns in the storm area was  
completely disrupted this morning.

PLAN RESORT  
HOTEL TO COST  
FIVE MILLIONS

St. Paul, June 3.—(UP)—A \$5,000-  
000 resort hotel building program for  
the Arrowhead country of northern  
Minnesota was announced today by  
George H. McRae, general passenger  
agents of the Omaha railroad.

McRae's announcement followed his  
week's tour through the northern part  
of the state with Fred W. Sargent,  
president of the Chicago & North-  
western, and fulfills the railroad's  
promise to assist in making the sec-  
tion a mid-continent summer play  
ground.

Construction of at least two large  
resort hotels is contemplated next  
year. Locations being considered are  
the international highway near Du-  
luth, Ely on Burnside lake, Tower  
on Vermilion lake and Fort Francis,  
Canada, on Rainy lake, all sites of  
scenic beauty.

New York capital is backing the  
resort program and assurance has  
been given the hotels will be among  
the most luxuriously appointed of any  
in the northwest, complete to golf  
courses and other opportunities for  
recreation.

"The crying need of the Arrowhead  
country, and in fact of all northern  
Minnesota, is additional accommoda-  
tions to meet the increased interest  
in the lakes and woods region," Mc-  
Rae said.

Barge Carried 70 Tons

pany barge La Crosse is unloading  
its last cargo here today, whence it  
will return south and be turned over  
to the government for operation. The  
La Crosse with a load of 70 tons  
made the trip from St. Louis in 16  
days.

### ANTICS OF A NAVAL OFFICER AT MASQUERADE

CONTINUE TO OCCUPY ATTEN-  
TION OF GENERAL COURT  
MARTIAL

CHARLES M. DEVALIN IS BEING  
TRIED FOR DRUNKENNESS  
AND OTHER CHARGES

Norfolk, Va., June 3.—(UP)—The  
antics of a naval officer at a mas-  
querade ball continued to occupy the  
attention of a general court martial  
trying Captain Charles M. Devalin  
for drunkenness and other charges  
at its second session today.

Captain Devalin, chief of the naval  
hospital here appeared in kilts ac-  
companied by a bagpiper and a Scotch  
terrier, witnesses said. He had  
Scotch inside to "harmonize," it was  
charged by the accusing officer, Com-  
mander Robert G. Heiner, Devalin's  
subordinate.

Devalin made such a disturbance,  
trying to put his arms around an-  
other officer's wife, that he was  
ejected after half an hour, according  
to other evidence submitted.

The charge that Devalin made un-  
authorized use of a government truck  
has been virtually disproved by  
prosecution witnesses, who admitted  
he was on leave at the time men-  
tioned.

TRAVELING MEN IN  
JOINT MEETING

U. C. T. GRAND COUNCILS IN SES-  
SION AT WINNIPEG,  
MANITOBA

Winnipeg, Man., June 3.—(UP)—  
For the first time since 1911, the  
Grand Councils of Minnesota and  
North Dakota of the United Com-  
mercial Travelers are holding a joint  
session with the Grand Councils of  
Manitoba, Saskatchewan and Alberta.  
Old times before the separation of  
the councils 15 years ago were be-  
ing discussed today as the members  
gathered for the reunion.

Three days of gala events stretch  
ahead. The most elaborate probably  
will be the banquet and ball Friday  
night at the Royal Alexandra, but a  
parade and a Canada-United States  
baseball game will hold interest.

While the travelers are in session,  
the Grand Council of United Com-  
mercial Travelers will hold its program.  
The Crookston band is included in  
the visiting delegations.

### TENSE PERIOD IN THE ANGLO- EGYPTIAN CRISIS

JUDGE KERSHAW, BRITISH PRES-  
IDENT OF NATIVE COURT  
AT CAIRO, RESIGNS

RESENTS ACQUITTAL OF THE NA-  
TIVES ACCUSED OF POLITI-  
CAL KILLINGS

Cairo, June 3.—(UP)—The resig-  
nation of Judge Kershaw, British  
president of the native court, has  
emphasized the tenseness of the sit-  
uation, which, many believe, may de-  
velop into a serious Anglo-Egyptian  
crisis. He resigned yesterday as the  
result of the acquittal a few days  
ago of several natives accused of po-  
litical assassinations. Judge Ker-  
shaw declared the acquittals re-  
presented a grave miscarriage of jus-  
tice.

As a result of his resignation Great  
Britain has sent a note to Egypt re-  
serving full liberty of action in the  
future in the protection of foreign-  
ers.

London, June 3.—The Daily Mail's  
political writer declares that it is  
likely that Great Britain will parade  
her military strength in Egypt as a  
result of threats of serious unrest in  
that country.

It is said that England is direct-  
ing warships to the Mediterranean  
to take up positions off Port Said,  
with a view to safeguarding her in-  
terests.

BRITISH BATTLESHIP  
ON WAY TO EGYPT

London, June 3.—A British bat-  
tleship today was en route to Egypt  
to cope with any situation which  
may arise there as a result of the  
acute political situation.

Sir Austen Chamberlain, foreign  
secretary, today officially confirmed  
the report that a battleship had been  
dispatched when questioned regard-  
ing the Egyptian situation in the  
house of commons.

Chamberlain would not comment  
on the situation beyond saying that  
the government was still communi-  
cating with Lord Lloyd, the British  
high commissioner in Egypt.

AGRICULTURE IS  
BASE OF INDUSTRY

ITS DISLOCATION WOULD MEAN  
DISLOCATION OF NATIONAL  
ECONOMY

New York, June 3.—(UP)—Dislo-  
cation of agriculture would mean  
dislocation of our entire national  
economy, Renwick W. Dunlap, as-  
sistant secretary of agriculture, told  
the national farm school conference  
here yesterday.

"Farmers constitute the largest  
single market for the product of  
manufacturers," he said. "The capi-  
tal investment of the average farm  
owner, is greater than that of the  
average town business man with  
whom he trades.

"Not only must our finished prod-  
uct be sold to farmers, but an over-  
whelming proportion of the raw  
products on which American manu-  
factures are based comes from the  
farms.

"Country and city are alike essen-  
tial to our national development and  
it is essential that they work togeth-  
er, not at cross purposes, for the na-  
tional welfare."

Dunlap said it was advantageous  
to rural sections to have city bred  
boys and girls take up farming.

Railways Permitted  
To Establish Joint  
Service at Duluth, Etc.

Washington, June 3.—(UP)—Appli-  
cation of the Northern Pacific Rail-  
way company and the Minneapolis, St.  
Paul & Sault Ste Marie Railway com-  
pany to establish joint passenger ser-  
vice between Minneapolis, St. Paul and  
Duluth, Minn., and Superior, Wis., was  
approved by the Interstate Commerce  
commission today.

The commission decided the joint  
service would be in the interests of  
economy and not unduly restrain com-  
petition. The roads will be allowed  
to divide the earnings.

### TRIAL OF THE SHOOTING SHEIK IS LAGGING

Chicago, June 3.—(UP)—Despite the  
state's demand that the murder trial  
of Martin Durkin, handsome shooting  
sheik, be handled more speedily, no  
jury had been selected up to a late  
hour today. Many of the jurors are  
claiming they have formed opinions  
in the case while some have indicated  
they would not vote for capital pun-  
ishment.

Durkin, who is being tried for the  
murder of a government agent in a  
shooting in which he killed three men,  
is relieved that the trial is under way  
but frets under the delay of selecting  
a jury.

None of his three former sweet-  
hearts have appeared in the court  
room since the trial opened.

CARROLL FINDS  
HIS PARTY WAS  
EXPENSIVE ONE

SENTENCED TO SERVE ONE YEAR  
AND ONE DAY IN AT-  
LANTA PRISON

ALSO FINED \$2,000 FOR NOT  
TELLING TRUTH TO GRAND  
JURY

New York, June 3.—Earl Carroll,  
theatrical producer, today was sen-  
tenced to serve one year and one day  
in Atlanta federal penitentiary and  
fined \$2,000 for telling a federal  
grand jury here that nobody had  
bathed in a bath tub of champagne  
at the party he gave on the stage of  
his theater, the night of February  
22-23.

Sentence was passed by Federal  
Judge Henry Goddard in accordance  
with Carroll's conviction by a jury  
a week ago today on two counts of  
perjury.

The fine of \$2,000 was assessed in  
two parts, \$1,000 on each of the two  
counts of perjury.

Herbert Smythe, attorney for Car-  
roll, announced that an immediate  
appeal would be taken. The papers,  
he said, were already prepared, cit-  
ing 40 alleged errors and other  
points as a basis. The appeal will  
probably be heard at the October  
term of the appellate court.

Carroll's bail was set at \$5,000  
pending appeal. He went immedi-  
ately from the court room with his  
attorney to the clerk's office to ar-  
range the bail.

While Carroll's actual peniten-  
tiary sentence is a year and a day in  
prison, technically he is sentenced to  
that term on each count, but the jail  
sentences run concurrently.

Carroll's conviction and sentence  
was the climax of an incident which  
kept federal officers busy and much  
of the country interested for weeks.

Five hundred persons, it was esti-  
mated, attended the party Carroll  
gave. It started around midnigh-  
t, after the evening's performance, at  
his theatre. Harry K. Thaw, Irving  
S. Cobb, writer; Clinton T. Brainerd,  
magazine editor; Countess Cathcart  
and many others, whose names are  
well known, were among the guests.

The next day the story was told  
that about 4 A. M. a bathtub which  
had stood on the stage and from  
which refreshments, alleged to have  
been champagne, but never so proved,  
was moved to the center of the  
stage. Carroll had held up an opera  
cape and Miss Joyce Hawley, a mod-  
el, had walked from the wings, clad  
in "her prettiest" and disappeared  
behind the cape. Then, the story  
was told, the cape seemed to slip  
just a little and some said they saw  
an orange colored bit of silk flutter  
to the floor. The next minute Joyce  
was splashing in the tub.

"The line forms to the right,"  
Carroll was alleged to have announc-  
ed, and some 20 or 30 male guests  
were said to have formed a line and  
some toasted Miss Hawley from  
glasses filled out of the tub.

The story created a sensation and  
attracted the attention of federal of-  
ficials. Carroll was questioned be-  
fore the grand jury and his testi-  
mony was later alleged to have been  
that no one entered the tub and that  
no liquor was served.

Just as it seemed that the incident  
was about to be forgotten, Carroll  
was indicted for perjury as a result  
of his denials. He was convicted  
on two counts of perjury for having  
denied Miss Hawley ever entered the  
bath tub.

Miss Hawley's own testimony, in  
which she described her bath in de-  
tail, was the high point of the trial.

### 2 MEN CLAIMED TO BE BANK ROBBERS ON TRIAL

CAPTURED BY CONDUCTOR OF  
MILWAUKEE NORTH SHORE  
ELECTRIC LINE

OBEYS "HUNCH" WHEN HE SEES  
CARTRIDGE DROP FROM A  
POCKET

Milwaukee, Wis., June 3.—(UP)—  
Two men declared to have admit-  
ted robbing the Shorewood State  
Bank of \$1,000 were to be arraigned  
in district court today.

They were captured Wednesday  
night by the conductor of a North  
Shore electric train, who obeyed a  
"hunch" when he saw a cartridge  
drop from the pocket of one and wired  
ahead to North Chicago police. The  
police boarded the train and  
took the pair off.

"Where's that money you got in  
the theater holdup?" said one of the  
officers, ignorant of the men's possi-  
ble connection with the Shorewood  
holdup.

"It was not a theatre, it was a  
bank," one of the captives blurted  
out.

The men said they were Herbert  
Cooper, alias Gilbert Cooper of Sioux  
City, Ia., and Frank O'Mara, alias  
Frank Burke of Benton, Ill.

The bank robbery was accomplish-  
ed late Wednesday by three men.

Milwaukee, Wis., June 3.—(UP)—  
While one man waited outside in an  
automobile three men entered the  
Shorewood State Bank, Shorewood,  
Milwaukee suburb, held up the cas-  
hler and one clerk and made their es-  
cape with \$1,000 obtained from the  
cashier's cage.

The fact that the vault was locked  
prevented them from getting away  
with more loot. The three men then  
rushed from the building, stepped in  
the car and drove away to the north  
at a high rate of speed. This is the  
second time the bank has been rob-  
bed in recent months.

TO RESIST CORN  
BORER INVASION

CORN BELT FARMERS GATHER  
AT CHICAGO DISCUSSING  
REMEDIES

Chicago, June 3.—(UP)—Farm  
representatives from the east and  
middle west gathered here today to  
discuss means of preventing the im-  
pending corn borer invasion of the  
corn belt.

The meeting was called at the re-  
quest of L. H. Worthley, Boston, fed-  
eral administrator in charge of corn  
borer work, who has become alarm-  
ed at the invasion of the fields in the  
Lake Erie district by the borers. The  
borer is an insect pest of European  
origin and is thought to have taken  
a foothold in Canadian fields and  
spread over to the Lake Erie district  
in this country.

Special means to be taken to cur-  
tail the spread of the insect may in-  
clude a restriction on shipments from  
infected areas, it was said.

ALBERT STUMP  
NOMINATED FOR  
U. S. SENATOR

Indianapolis, Ind., June 3.—(UP)—  
Albert Stump, young Indianapolis  
attorney, was nominated this after-  
noon by the democratic state conven-  
tion as the party's candidate for the  
long term senatorial seat. Stump will  
oppose Senator James E. Watson, re-  
publican, nominee in the coming cam-  
paign.

CLAIMS THAT  
PROHIBITION IS  
DOMINANT ISSUE

Madison, Wis., June 3.—(UP)—  
Prohibition is the dominant issue  
in the campaign of the general  
fall elections, W. Stanley Smith,  
former insurance commissioner,  
declared today, formally announc-  
ing his candidacy for the progres-  
sive republican nomination for  
governor in the September prima-  
ries.

He said the sentiment of the  
people is for temperance, not pro-  
hibition.

### TO INVESTIGATE GASOLINE PRICE RAISING METHODS

Washington, June 3.—(UP)—  
The senate today directed the Fed-  
eral Trade commission to inves-  
tigate gasoline price raising meth-  
ods of fixing prices for all petro-  
leum products and profits of oil  
companies since 1912. The com-  
mission was directed to report the  
results of the inquiry to the next  
congress.

SERIOUSLY HURT  
BUT REFUSES ANY  
INFORMATION

RUTH SOLUM, FARGO, SERIOUSLY  
INJURED AT ALBERT  
LEA

TAKEN TO HOSPITAL, REFUSES  
TO REVEAL SOURCE OF  
WOUNDS

Albert Lea, Minn., June 3.—(UP)—  
Ruth Solum, Fargo, lay in a hos-  
pital here today, seriously injured  
and weak from loss of blood but de-  
termined not to reveal the source of  
her wounds.

She was carried into the hospital  
in an unconscious condition by a  
Jefferson Highway Transportation  
bus driver, who disappeared immedi-  
ately.

Later a hat, pair of gloves and a  
ring were found in a pool of blood  
near the Albert Hotel, which were  
claimed by the girl but without ex-  
planation.

Police were searching today for  
the bus driver, who, they believe,  
may be able to explain the cause of  
the girl's wounds and her reason for  
silence.

It is thought she was the victim  
of an attack, but for some reason is  
shielding her assailant.

Student Grievances  
To Be Heard Each  
Quarter at Convocation

Minneapolis, June 3.—(UP)—  
Grievances of University of Minne-  
sota students against the adminis-  
tration or members of the faculty will  
be heard at convocation once each  
quarter.

As a result of this ruling the stud-  
ents have been given recognition in  
their fight against restrictions  
against speakers before the student  
body of the character that caused  
Scott Nearing, radical economist, to  
be banned.

The all university student council  
is studying other universities which  
allow students to have a voice in the  
selection of speakers.

Campaigns for Congress  
Mora, Minn.—On a platform  
pledged to aid the northwest farmer,  
Edward C. Slettedahl, superintendent  
of schools here, has begun an in-  
tensive campaign for a seat in con-  
gress from the 10th district. Slet-  
tedahl is a University of Minnesota  
graduate.

PERILS FACED BY  
MISSIONARIES

DR. NELLIE PEDERSON HOLMAN  
TELLS STORY TO CHURCH  
CONVENTION

Minneapolis, June 3.—(UP)—The  
perils faced by missionaries in China  
were brought to the attention of the  
biennial convention of the Norwe-  
gian Lutheran Church of America, by  
the address of Dr. Nellie Pederson  
Holman, the only surviving member  
of a party of four medical mission-  
aries who fought against typhus and  
starvation in the province of Honan,  
China, in 1921.

But Dr. Holman expressed no re-  
gret at having to undergo hardships.  
She said the years as a missionary in  
China were the most wonderful of  
her life and appealed to the confer-  
ence for further aid in the work.

Dr. Holman and her three co-  
workers ministered to the sick dur-  
ing the 1921 typhus outbreak in  
spite of the tremendous handicaps.  
Their hospital had no water supply,  
clothing was not available for the  
sufferers and a straw covered floor  
was the only hospital bed for many  
of them.

### IS CONFIDENT DRY ACT WILL NOT BE REPEALED

IF WET DELUGE BROUGHT BACK  
SALOONS, PEOPLE WOULD  
WIPE THEM OUT

SAYS DRYS WILL NEVER GIVE UP  
FIGHT FOR FEW WET SEN-  
ATORS IN THE EAST

St. Paul, June 3.—(UP)—Andrew  
J. Volstead, father of the prohibi-  
tion enforcement act, is satisfied with  
it, but bitter on the agitation for a  
nation wide referendum.

"I am confident the act never will  
be repealed, but if there should be a  
wet deluge and the old saloons re-  
turned, the people would wipe them  
out in six months, never to return,"  
he declared in a speech before a tem-  
perance society.

"We dries will never give up the  
prohibition fight for a few wet sen-  
ators in the east," he continued.

"They assail us as hypocrites and  
want a referendum. They are the  
hypocrites for they could enforce the  
laws in their states if they would  
but honestly attempt it."

Volstead appealed for citizens to  
keep the younger generation from  
becoming drink habitues. He said  
they would not acquire the habit of  
drinking the vile stuff which they  
got now, but only drink it for sport.

Referring indirectly to President  
Coolidge's executive order, Volstead  
asserted that if local police officers  
and state authorities did their duty,  
the federal law would be enforced.

HALF DOZEN WET  
BILLS KILLED IN SENATE

Washington, June 3.—The half  
dozen wet bills proposed by the sen-  
ate beer bloc to modify and nullify  
the 18th amendment were killed to-  
day by the senate judiciary sub-com-  
mittee on prohibition.

The committee adopted a report  
indefinitely postponing action upon  
the wet bills and setting forth its  
view that as long as the 18th amend-  
ment was in the constitution, no  
legislation could be entertained con-  
trary to its spirit and purpose.

Indefinite postponement means  
that the bills will remain buried in  
the committee without being reported  
to the senate for a decision.

The measures include the Bruce  
proposal for government of liquor  
distribution; the Edge proposal for  
a national referendum, the Edge bill  
to permit manufacture, sale and  
transportation of four per cent beer,  
the Bruce bill for local option, the  
Edge amendment to permit manufac-  
ture of liquor non-intoxicating in  
fact in the home.

The report adopted by the commit-  
tee follows:

"The eighteenth amendment to the  
constitution of the United States was  
ratified according to a proclamation  
of the secretary of state, January 29,  
1919. We believe this amendment  
to be morally right and economically  
wise.

"So long as this amendment is a  
part of our federal law, it is the duty  
of all officers, legislative, executive  
and judicial to aid in its enforce-  
ment."

"The advocates of modification of  
present prohibition laws, propose to  
weaken the same. They seek to di-  
rectly or indirectly authorize the  
manufacture and sale of intoxicating  
beverages. This is contrary to the  
spirit and intent of the 18th amend-  
ment.

"The constitution is a grant of  
power. Those powers are limited,  
and such limits are not to be trans-  
cended. A national referendum is  
not provided for and it is our belief  
that it was not the intention of the  
framers of the constitution that a  
national referendum would ever be  
attempted. No laws have been en-  
acted which provide for the holding  
of such a referendum."

The report was adopted without  
discussion in five minutes.

Those signing included Chairman  
Means, republican, Colorado; Goff,  
republican, West Virginia; Harrel,  
republican, Oklahoma, and Walsh,  
democrat, Montana; Senator Reed,  
democrat, Missouri, lone wet member  
of the committee, did not sign the  
report and may sign a minority re-  
port.

## BOYS BAND TO GIVE CONCERT SOON

50 Piece Organization is Most Faithful in Holding Regular Rehearsals

### PLAY WITH VIM AND VIGOR

E. A. Page, Director, is Very Enthusiastic Over the Band's Future

The Brainerd Boys' concert band of 50 pieces is working hard in preparation for their next concert which will be given some time in the near future. An unusually high class and difficult grade of music is being prepared and such popular favorites as Poet and Peasant, Bohemian Girl, and Il Trovatore will find a prominent place on the program.

Very few boys' bands can play as the Brainerd lads, who give all their selections with a vim, vigor and precision that is unusual in an organization of their size. Their marches especially have been much commented upon and it is surprising to learn that the pieces that were rendered Memorial day at the Park theatre had only two rehearsals, the amount of applause received showed how much they were appreciated. "The Holy City," solo for the baritone which was played by Carl Peterson was especially notable. Carl is a veritable genius on the instrument and the artistic touch was very evident in the rendering of the piece, a deal of feeling and a sweet powerful tone being predominant.

E. A. Page who has conducted the band for sometime is very optimistic in the future of the band and predicts some very excellent concerts for this summer.

The parents of the boys have organized and have regular meetings and gatherings enabling the boys with their and other encouragement to put forth their best efforts for the welfare of the band.

## All Closed Car Comforts — Masterful Performance — Low Cost

Note Well These Claims—They Are  
Supported by 800,000 Owners

Lasting pride of ownership comes from masterful performance, ease of operation and maintenance, from reliability and economy.

These qualities cannot be revealed by any other test than actual performance over long periods of time and in the hands of every type of user.

Hudson holds first advantage because of its patented Super-Six—the world's most famous motor. More than 800,000 have been built by Hudson under its exclusive principle. For 11 years it has been outstanding because of distinctive smoothness, wide flexibility, power, speed, and reliability.

Hudson is easy to steer. Its power range is so great that gear shifting is lessened, and

the riding action is so well arranged that long hours at the wheel are not tiring.

Economy is found in low operating and maintenance cost.

These are the qualities that make genuine satisfaction. Upon such a chassis is mounted the Coach. It gives all closed car comforts. It is sturdy, beautiful in line, and complete in every practical detail. Its sale has exceeded that of any closed car priced above \$1,000. That production has led to greater economy and much lower prices. It has permitted many improvements in chassis and body.

So today's Hudson Coach is not only the best ever built. It also is priced lower than ever before.

## ODD COURSE TO PURSUE

FOR the second successive year the Beltrami county commissioners have refused to grant the request of the Beltrami County Farm Bureau for an appropriation of \$2,500 per annum for the support of county agricultural extension work.

We fail to see why the board acts in so short sighted a manner. As related by the Bemidji Daily Pioneer, during the past year, after the county board refused the appropriation a year ago, the county extension work was carried on with funds raised among the farmers' organizations themselves, so the work continued in spite of the negative action of the commissioners.

Crow Wing county has lost no money in doing everything possible to encourage proper methods of farming. Our county agent, E. G. Roth, is here, there and everywhere in the county encouraging every kind of a farming and dairying movement. He gives advice where needed. He organizes where it is necessary. He encourages and counsels and works unceasingly.

Beltrami county is a part of Minnesota which must rely largely on farming. The timber line is retreating. In fact, only last year, Bemidji lost its sawmill.

If there is any saving or retrenchment necessary, if budgets must be trimmed, we would suggest that it be done, but not at the expense of anything contributing to the advancement of agriculture. We know taxes are high, sometimes, but there should be budget enough to encourage farming. The support of the farming industry rests largely with each county. It's a home proposition.

## THE SMALL TOWN

MUCH is being said and written about the small towns and their future as trade centers. The general opinion expressed appears to be that small villages are doomed to disappear, some even insisting they are practically wiped out now, by the new methods of transportation. The future of the small towns, we believe, is just what the business men and citizens of the small towns wish to make the towns. Those small towns which had live wide-awake business men, and a good live newspaper, appear to have suffered none at all, while those towns who were inhabited by calamity howlers have lost their business, which is going to other towns. The automobile and good roads have changed conditions. It has not killed the small towns, but rather has given the small towns an equal chance at business which will be divided along the lines of service and prices. Every town in Fillmore county with a good enterprising newspaper did more business last year, according to bank clearings, than in any previous year's history of the village.

The smaller towns are just as important to the growth and progress of the state as the large cities, as an inducement to settlers, more so, and it is a mistaken idea that the larger places are trying to destroy the smaller ones, or that the smaller towns are doomed to disappear from the face of the earth. All they need, some of them at least, is just a little more back bone and kick.—*Spring Valley Mercury.*

## A VALUABLE MAP

THE map of Crow Wing county, as compiled by the Chamber of Commerce map committee and the county assisting financially in its publication, is one of the most valuable pieces of literature ever produced in this county. There has been more call for a map of Crow Wing county than any other piece of literature.

Resort people want such a map. The tourists have been clamoring for the map several seasons. People interested in buying lake shore property want the map. Convention visitors are anxious for the map.

A supply will be printed in time for the Lions to take to Winnipeg where they will make a bid for the next district international convention. The map shows in plain fashion the lakes, roads, etc., of Crow Wing county and lets people know that the assertion of 700 lakes within easy driving distance of Brainerd is no idle boast.

## THE TAMARACK PRAYER

THE Tamarack wordless prayer brought no astounding revelations, it produced no manifestation of divinity as its promoter, if we may use such a term, led people to believe. The attendance was small, instead of the hundreds which were expected.

The largest attendance of any certain class were newspapermen. Within the circle in the poplar grove stood a few of the faithful and beyond were 100 of the doubters and others deputized to maintain order.

A man needs no company, no poplar grove, no Tamarack convention, to appeal to the Almighty. God is everywhere and hears the prayer wherever it is voiced, and the still, small voice of the penitent is heard as well, and better, we should say, than a publicly advertised event like the Tamarack episode.

"JAY WALKING" is more prevalent in Brainerd than other towns of its size. If the motorist must hew to the line and follow ordinances strictly, it's time the "jay walker" got some needed instruction. Take our safety signal guiding automobile traffic at Sixth and Laurel streets. Many a man and woman walk across the street in the most unconcerned manner when the sign has flashed a "go" sign to a string of waiting cars. You can't expect an automobile driver to halt squarely in the intersection and wait until some person has leisurely walked across the street in front of him.

THE city of Brainerd has installed a stop and go sign at the principal intersection of the city and from the short trial period so far enjoyed finds that traffic is made safer and is speeded up at this particular corner. Such a sign is badly needed in Little Falls at the intersection of Broadway and First street east.—*Little Falls Daily Transcript.*

## MAKE HAUGEN BILL AN ISSUE IN FALL ELECTION

Minneapolis, June 3.—(UP)—The Minnesota Wheat Growers Co-operative Marketing association today decided to make the Haugen relief measure defeated in the house an issue in the fall general election.

Twenty-seven delegates from the nine districts in the state reached that agreement and adopted a resolution denouncing Rep. Walter H. Newton, republican, Minnesota, who voted against the measure, as "a traitor who has betrayed the people to whom his home city of Minneapolis must look for their business and support."

Another resolution urged that the members of the association exert every possible influence on business men and bankers to extend farm obligations from fall to spring as a means of promoting orderly crop marketing.

## MOUNTED POLICE JOIN SEARCHING FOR LOUIS J. RING

Minneapolis, June 3.—(UP)—The Canadian royal northwest mounted police—which seldom fails to "get its man"—today joined the search for Louis J. Ring, the business man who disappeared after his wife, Bertha, was murdered.

The mounted police was given Ring's description and unrevealed information concerning his possible whereabouts by Joseph A. Poirier, assistant attorney of Hennepin county, who went to Kenora, Ont., for that purpose after the search in the northwest corner of Minnesota proved futile.

University of Minnesota medical authorities are continuing their post-mortem examination of Mrs. Ring's body after already having established that she was not drowned, but was killed by blows on the head.

Los Angeles, Cal., June 3.—(UP)—Although steadfastly maintaining that the affair is another hoax, Mrs. Minnie Kennedy has consented to test a report that two men will return her daughter, Aimee Semple McPherson alive upon guaranty of immunity and the \$25,000 reward offered for her safe return.

Four questions that only the evangelist can answer were left in the care of a blind Long Beach lawyer to whom two self-admitted kidnapers were reported to have said they knew of the missing preacher's whereabouts.

District Attorney Asa Keyes has had the facts of a supposed kidnapping in his possession since Monday.

## FOUND GUILTY OF MANSLAUGHTER

Freeport, Ill., June 3.—(UP)—Italph Wilson, Stockton, Ill., today was found guilty in the circuit court of manslaughter in connection with the death of John Childs, Milwaukee, January 9.

The state contended that Wilson was driving the motor car which struck Childs as the latter was repairing a tire on the highway near Woodbine, Ill. Wilson will be sentenced later.

## Grow Hair - this New Way!

An entirely new method of scalp treatment has been perfected. It is not a tonic. It is totally unlike anything you have seen or heard of before. Its simplicity will delight you. Its results amaze you. But one application a week is needed for many scalp troubles. It leaves no after-odor—no greasy effect.

### Guarantee in Writing

Many extravagant claims have been made before. Often the public has suffered. But note our fair offer. This method must stop Falling Hair. Must destroy Dandruff. Must grow hair—or money back. There are no strings to this guarantee. It is in writing. It appears in every package. You are fully protected.

### NOW NEW METHOD Combats Seborrhea —and grows hair

In Seborrhea Oil glands become infected. Grown-up substances clog the hair follicle. Hair becomes dull, lifeless and falls prematurely.

New hair growth is now started. The hair bulb finally becomes inactive—but it rarely dies in the early stages.

Remove Infection. Open up clogged follicle. Stimulate dormant bulbs to renewed activity and hair grows again.

### Seborrhea Causes Baldness

Will you wonder at such a broad guarantee. But this treatment is not a mere tonic. We have studied hair troubles scientifically—and discovered some amazing facts. We found that the hair grows from a bulb—not from a root. These hair bulbs seldom die from natural causes. They don't come out with the hair, but frequently they become weakened. Then hair troubles commence. Seborrhea is most often the cause. Infection sets in. The hair becomes dull, lifeless—starts falling. Eventually baldness takes place. But here is the marvelous thing. Remove infection—stimulate dormant hair bulbs to renewed activity and the hair grows again.

### New Method Combats It

Now we have found a way of combatting Seborrhea. A new method for stimulating hair growth. This treatment is called STIM. The principle is scientifically correct. It is not just a tonic. Hence its amazing success. It must stop Falling Hair. It must destroy Dandruff. In writing we guarantee that it must grow hair—or money back.

### Results Are Guaranteed

No matter what your condition—or how many "tonics" you have used without avail—you now owe it to yourself to give this scientific method a fair trial. Remember this is no ordinary tonic. It must stop Falling Hair. Must destroy Dandruff. Must Stimulate Hair Growth—or it costs you nothing. You are the sole judge. In every package is our written guarantee that results must satisfy you or money back. Could we possibly make you a fair offer? We urge you to accept it today.

"I must sing well," Mrs. Miske whispered before she stepped before her audience, which included her three children, William Jr., 9; Douglas Fairbanks, 7, and Marion Donna, 4. The circumstances in which she was left after the death of her husband forced her on the concert stage to support the children.

## In the Kitchen with 6 Famous Cooks

Expert Pacific Coast Cooks  
Give Choice Recipes for  
Unusual Desserts

(Editor's Note: This is one of a series of cooking articles contributed to this paper by six famous cooks.)

There never was a woman who kept house who didn't want her cooking to have an individual touch. And the making of desserts offers plenty of opportunity for expressing this individuality.

Recipes for several delicious desserts are given in this article by Mrs. Belle DeGraf, San Francisco, home economics counsellor, and Mrs. Kate Brew Vaughn, domestic science director, Los Angeles.

### Santa Clara Dumplings

"For a quickly made dessert, I recommend Santa Clara Dumplings," says Mrs. DeGraf. "It takes less than half an hour to prepare them."

Here is Mrs. DeGraf's recipe:  
1 cup sifted flour  
2 teaspoons baking powder  
1/2 teaspoon salt  
3 tablespoons shortening  
1/2 cup milk  
1 cup strained, stewed apricots

Sift dry ingredients together. Rub in shortening, then gradually add milk, mixing with a flat knife. Turn out on a slightly floured board. Roll out in rectangular shape about 4 inches wide and 8 inches long. Cover top of dough with apricot puree, then roll up like a jelly roll. Cut off slices an inch thick, and place cut side down in greased baking dish. Bake in a hot oven about 15 minutes. Serve with lemon sauce.

Make the lemon sauce by mixing 1/2 cup brown sugar, 1/2 cup white sugar, 1 tablespoon flour, juice and grated rind of one lemon, and 1 tablespoon butter. Bring to boil, and cook for five minutes.

Dumplings and sauce should be served hot.

### With Oranges

Another interesting fruit dessert for which Mrs. DeGraf provides the recipe is Orange Custard Pudding.

1 cup sifted bread crumbs  
1/2 cup milk  
1 cup orange rind  
3 eggs separated  
1/2 cup sugar

Add the grated rind of 1 orange to the juice. Use soft bread crumbs. Sift through a coarse strainer. Add milk and orange juice. Beat eggs separately. Add sugar to yolks and then add to the custard. Mix well, then fold in stiffly beaten egg whites. Pour in pudding dish. Set dish in a pan of hot water and bake until firm in center, about 30 minutes, in a moderate oven, 350 degrees Fahrenheit.

### Pineapple, Too

Hawaiian Pineapple Pudding is a simple dessert which is very pretty. Mrs. DeGraf makes it with one cup rice, 1 cup grated pineapple, 2 cups whipped cream, and 1/2 cup powdered sugar.

Wash rice well. Add 2 cups of cold water. Cover closely and set over a low flame, cooking for about 20 minutes, or until all the water is absorbed. When cooked, remove from fire, sprinkle with salt, replace cover and let stand five minutes. Turn into a bowl and set aside to

## "If men did the cooking they would insist on a good stove"

Where is the woman who does not agree with Mrs. Rorer's statement? Yet why will so many women put up with an inefficient stove day after day?

MRS. RORER, famous Philadelphia cooking expert, and five other famous cooks who recently conducted a practical test of the Perfection Stove, agree that good cooking results depend to a great extent on a good stove. They agree, too, after critical, exhaustive cooking tests that the Perfection is a mighty good stove. Their comments on the Perfection's performance will give you some idea of what men would demand, and what experts do demand of a stove.

**Easy operation.** "I like equipment which is easy to work with," said Mrs. Belle DeGraf, San Francisco, home economics counsellor. "And the Perfection certainly is. It lights at the touch of a match. And the heat is regulated by a simple turn of the wick."

**Adaptable, too.** "The Perfection proved its adaptability to me," commented Mrs. Kate B. Vaughn, Los Angeles, home economics director, "by performing many cooking operations at the same time—frying, baking, boiling, and broiling."

**Ample heat supply.** "And," said Miss Rosa Michaelis, famous New Orleans specialist, "there is no lessening of heat, regardless of how many burners are lighted. Each is an independent unit."

**Dependable flames.** "That's true," remarked Miss Lucy G. Allen, of the Boston School of Cookery. "And the flames stay just as you set them. They do not creep."

**And clean.** "There's no soot or odor, either, when you cook on the Perfection," added Mrs. Rorer. "The efficient long chimneys burn the oil completely before the heat reaches the utensils."

**Safe and economical.** "All these points recommend the Perfection," said Miss Margaret A. Hall, Battle Creek College of Home Economics. "And, in addition, it is safe and economical in operation. What more could anyone ask of a stove?"

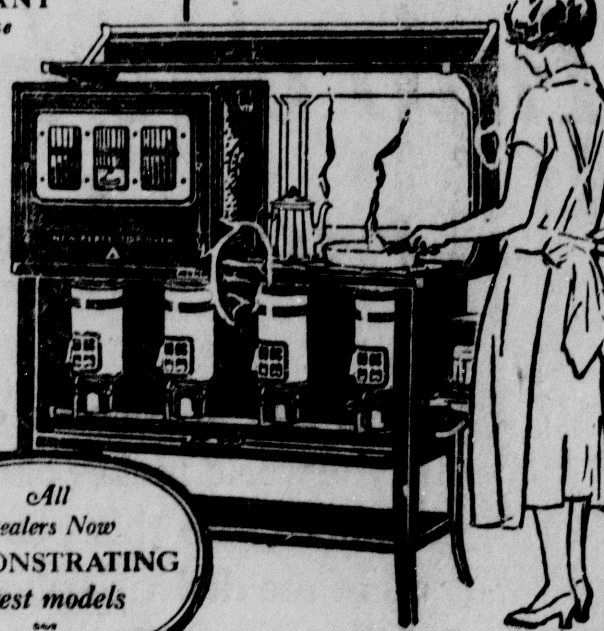

In other words, the Perfection meets the high standards of the six critical cooks. It will meet yours, too. See the 1926 Perfections at any dealer's. All sizes from a one-burner model at \$7.25 to a five-burner range at \$130.00. Every woman who cooks deserves a good stove.

pool. Just before luncheon is served add remaining ingredients. Pile in sherbet cups and serve.

### With Any Fruit

Strawberry Meringues! Doesn't it sound like a most palatable dessert? Mrs. Vaughn has a simple recipe for it.

3 egg whites  
1 cup sugar  
1 teaspoon vanilla

Beat egg whites stiff. Add the vinegar to the egg whites and beat. Add sugar gradually, beating it with wire whip. Drop the mixture in spoonfuls on oiled paper placed on baking sheet and bake in a slow oven. When finished, cut the meringues through the center and fill with crushed strawberries. Serve topped with whipped cream.

Other fruits may be used in season instead of the strawberries. This makes a dainty dish to serve at parties, too.

### An Unusual Pie

Mrs. Vaughn's fig pie is an unusual change from the ordinary pie. Here are the ingredients:

1 1/2 cups boiling water  
2 tablespoons cornstarch  
2 tablespoons flour  
3/4 cup sugar  
Juice two lemons  
Grated rind one lemon  
1/2 cup finely chopped figs  
2 eggs

Sift dry ingredients into top of double boiler. Pour boiling water on them, stirring constantly. Cook for 15 minutes. Beat eggs slightly, and with figs add to cooked mixture. Let cook 3 minutes. Remove from fire and add lemon juice and rind. Turn into plate lined with pastry, wet edge. Make lattice of pastry strips across top. Bake 40 minutes at 350 degrees. Serves 6.

Everyone likes a change of cooking. These "different" desserts will please the most particular. (You'll be interested in the special cooking article on this page next week.)

### Saves "Guesswork" Baking

A device that registers the degree of heat in the oven is now on the market. It takes the "guesswork" out of baking and roasting. It is easily fitted to almost any glass oven door.

St. Andrews, Scotland, June 3.—  
(UP)—America retained possession  
of the Walker Cup today, after two  
days of international team play over  
the famous St. Andrews course  
against leading British amateur  
golfers.

The final score was: America, 6;  
Great Britain, 5.

Although there were 12 matches,  
one was halved and was not counted  
in the scoring.

The British team scored its first  
victory of the day when Roger Weth-  
ered came home the winner over  
Francis Ouimet of Boston, 5 and 5.

Watts Gunn, the young Atlantan,  
brought the Americans to within a  
point of victory by defeating A. G.  
Brownlow by the overwhelming  
score of 11 and 10.

America then sustained a tempo-  
rary setback when Francis Ouimet of  
Boston was defeated by Roger Weth-  
ered, 5 and 4.

Watts Gunn, the young Atlantan,  
shortened his match with A. G.

Brownlow when he was 11 up on the  
26th hole. Next to Jones, Gunn dis-  
played the most sensational golf of  
the day.

Gunn's victory gave the Americans  
six of the 12 possible points and Von  
Elm's halved match was enough to  
clinch the cup for the invaders. At  
that, Major Hezlet played startling  
golf, for he was four down to the  
Californian at the end of the morn-  
ing round.

Jess Guilford of Boston failed to  
increase the American point total, as  
he dropped his match to the former  
British champion, Robert Harris, 2  
and 1. Guilford was one up at the  
end of the first 18, but was unable  
to survive the nip and tuck play of  
the afternoon.

Another American went down to  
defeat when A. Jamieson won from  
Robert Gardner of Chicago, the cap-  
tain of the Walker Cup team, five up  
and four to play. Jamieson was  
four up at the end of the first 18,

and Gardner was unable to diminish  
the margin.

The last match of the day also  
went to a British player, Z. F. Storey  
defeating Roland Mackenzie of Wash-  
ington 2 up. Mackenzie was one  
down at the end of the morning  
round.

The victory was assured when  
George Von Elm of California finish-  
ed all square with Major C. O. Hezlet.

The match did not count in the  
point score and the Americans were  
thus assured of triumph with six  
points, even though they then lost  
all the remaining matches.

America triumphed in three of the  
four matches yesterday and began  
early today to increase the lead.

Playing phenomenal golf against  
the once great Cyril Tolley, who  
seemed to have slipped woefully,  
Bobby Jones, the American cham-  
pion, won 12 up and 11 to play.

Jess Sweetser, the young New York  
bond broker, who a few days ago  
won the British amateur title, made

it five points to one by conquering  
Sir Ernest Holderness, 4 and 3.

St. Andrews, Scotland, June 3.—  
Bobby Jones brought America its  
first victory in Walker Cup singles  
play today when he defeated Cyril  
Tolley, the former British amateur  
champion, 12 up and 11 to play, in  
their 36 hole match.

Jess Sweetser, recent winner of  
the amateur championship, came in  
with a 4 and 3 victory over Ernest  
Holderness, giving the Americans  
five of the seven points necessary to  
clinch the cup. Three points were  
gathered in foursome matches yes-  
terday.

Bobby Jones and Watts Gunn,  
both of Atlanta, were the sensation  
of the first 18 holes. Each led Brit-  
ish opponents nine up. Other Am-  
ericans in the van were George Von  
Elm of San Francisco, Jess Sweetser  
of New York and Jess Guilford of  
Boston.

The three invaders who trailed

were Captain Robert A. Gardner of  
Chicago, Francis Ouimet of Boston  
and Roland Mackenzie of Washing-  
ton.

## Watching the Scoreboard

Yesterday's Hero—Ty Cobb, who made four hits in as many times at bat, accounting for four runs in the second game of a double header with Cleveland, which Detroit won 7 to 0. The Indians took the first 13 to 1.

The Yankees defeated Washington in both ends of a twin bill, 9 to 5 and 5 to 4.

Home runs featured the 12 inning game between the Blues and Millers, the Blues winning 7 to 5. Brannon's homers put the Blues out in front in the ninth and 10th innings, only to have the Millers tie the count when they came up. In the 12th Rigby and Pick hit homers giving the Kaws the victory.

Congressman Knutson Gets Consideration Of Our Lake Levels

In a telegram to the Dispatch today, Congressman Harold Knutson wired from Washington, D. C., this welcome news:

"Rivers and harbors bill will carry item for survey of reservoir lakes with view of determining fixed water levels."

This is most important news and such survey will take the whole matter out of the field of argument and estimates and give the government something definite to work on. It marks a step forward in the solution of the vexed question which means so much to this lake country, continually growing more valuable.

What Are You Doing For Your Puny Child?

One boy gained 11 pounds in 7 weeks and is now strong and healthy

For weak, frail, under-developed children—and especially those that have rickets, and need a sure builder that promotes the growth of teeth and bones, cod liver oil is the one medicine supreme—nothing helps like it.

But it is nasty and repulsive and evil smelling and nearly always upsets children's stomachs—so now up-to-date chemists advise McCoy's Cod Liver Oil Compound Tablets.

Children love them as they do candy, because they are sugar coated and easy to take. One boy gained 11½ pounds in seven weeks, and is now healthy and happy—thousands of other children have grown strong and robust.

Sixty tablets for 60 cents at H. P. Dunn's and Johnson's Pharmacy and all druggists—but be sure and ask for McCoy's—the original and genuine.

Give them to the sickly, frail child for 30 days, and if they don't help—wonderfully, your druggist is authorized to hand you back the money you paid for them.

AMERICAN TENNIS  
PLAYERS CONTINUE  
TO GAIN SUCCESS

Paris, June 3.—(UP)—American tennis players continued their successes as play was resumed today in the French national championships. Elizabeth Ryan defeated Mrs. Roger Danet of France 4-7, 6-7, 6-3 and Miss Marion Zinderstein Jessup of Wilmington, Del., triumphed over Mile. Le Besnerair 6-3, 6-2.

Robert Kinsey and Vincent Richards, playing in the first round of the men's doubles tournament defeated the Holland pair, Halkema and Sarkies, in straight sets, 6-1, 6-0, 6-1.

CALL MONEY DROPS

New York, June 3.—(UP)—Operations against the heavy short interest built up on the recent decline gained additional momentum today on the stock market when call money dropped off to 3½ per cent. This proof that the easy credit conditions prevailing prior to the June strain that had been restored encouraged resumption of bullish activities. In groups where such concessions were favored by good earnings or an over-extended bear attack.

Rails were stimulated by a burst of strength in Nickel Plate, Pere Marquette, and C. & O which was interpreted to foreshadow renewal of the Van Sweringen overtures with the I. C. C. relative to the consolidation of these lines.

Carrier stocks also received help from the weekly car loading figures, which not only demonstrated that there had been no slackening of the movement of commodities from production into consumption but showed that the volume was continuing to expand.

RIVER, HARBOR  
BILL FACES  
OPPOSITION

Washington, June 3.—(UP)—The \$36,000,000 river and harbor authorization bill faced bitter opposition in the house today in the form of renewed efforts to eliminate the Illinois waterway project.

Middlewestern members who claim that the diversion of water from levels and damaged shipping on the lakes expect to resume their filibuster against the measure. They believe they can stave off a final vote for several days.

If a vote can be prevented until late this week opponents of the measure believe they will have achieved a victory.

## Why Men "Crack"

When on the Highway

to  
SuccessWhat Do These Things  
Tell You?

"Sleeplessness," Doctor Kennedy tells us, "is one of the commonest signs of nervousness. Another is physical unrest. You are showing signs of nervousness when you cannot keep from twitching your eyebrows, shrugging your shoulders, swinging one foot when your legs are crossed; or when you cannot sit at a desk or table without continually tapping with the fingers."

"The nervous man very often finds that he cannot concentrate on one task, but continually goes from one thing to another. He is also very apt to lose interest in the work and recreations that formerly gave him pleasure. And he is easily fatigued. Nervous fatigue is most commonly indicated by a constant feeling of tightness around the head."

THE worry and strain of recent years has been too much for many business and professional men who have not been able to break away from the details and anxieties associated with their occupations.

In a moment you will recall many who have broken down suddenly just when they appeared to be in their prime.

Some have had their lives snuffed out

while others have lingered as invalids, lacking the energy and nerve force necessary for the pursuit of their vocations.
